

 Hello CosmoTop

Hello CosmoTop...

...welcome to the family

“Delighted to make your acquaintance CosmoTop”
You are a complete range consisting of five revolutionary tube closure families, which offer the
design flexibility we’ve been looking for. Now available worldwide from Weener Plastics.

Hello CosmoTop...

Smart Design

CosmoTop brings new levels of quality and appearance to the market.
Lightweight, sustainable and cost-effective.

High Quality Appearance

Compatible with industry standards
CosmoTop will maximize convenience and shelf appeal.
Offering intuitive handling, superb surface quality and optimum roundness.

Extra Features

CosmoTop easily meets today's market demands with Pure Dispense technology, Tamper Evident, Hot Stamping and transparent or translucent materials.

Advanced Technologies

With the unique Twin Tool concept, CosmoTop focuses on customization, fast time to market and turnkey production. Innovations from a reputable supplier.

...you're unique 

Hello CosmoTop...

...you're smart

With you, CosmoTop, smart design and innovation go hand-in-hand.
Your unique and flexible 'Twin Tool concept' doesn't only guarantee the fastest changeovers.
Two designs in one amaze me! Round and square lid design are now brought within reach.

Hello CosmoTop...

...you're light

Your minimal weight brings so many advantages. Not only do you save materials and reduce costs, you also help us meet our sustainability goals throughout the entire value chain.

Hello CosmoTop...

...you're beautiful

CosmoTop, you are easy on the eye.
Your quiet opening and front closing are comfortable features.
Your perfect roundness and superb surface quality make me feel good.

Hello CosmoTop...

...you're mine

Brand identity is key to me, easy customization comes natural to you.
Matt or gloss finishes, translucent materials, hot-stamping decoration.
The same closure design worldwide from one global supplier.
